## PROFESSIONAL EXPERIENCE

**Full-Stack Development – Final Year Engineering Project, YADAG** February 2026 – July 2026 | Toronto, Canada

Design and Development of a Multi-Tenant SaaS HR and Compliance Platform for the Canadian Agricultural Sector:

- Developed a full-stack application covering the entire lifecycle of foreign agricultural workers in Canada, from recruitment and compliance processes (LMIA, onboarding, and document tracking) to human resources management, training, and day-to-day farm operations.

- Technologies:** Laravel, Next.js, React, TypeScript, MySQL, Docker, AWS (EC2, S3), Git/GitHub (Branches, Pull Requests), ClickUp, Postman, Zustand, React Query, Spatie (Permission, MediaLibrary).

**Full-Stack Java Project – PFA, SEWS SKHIRAT** July 2025 – September 2025 | Skhirat, Morocco

Design and Development of a Helpdesk System for Technical Support Request Management:

- Developed a full-stack application for managing and tracking support tickets, assigning requests, managing users and roles, and streamlining the technical support workflow.
- Technologies:** Java, Spring Boot, React.js, MySQL, Spring Security, Spring Data JPA, REST API, Maven, JUnit, Git/GitHub.

**Web Development – Observation Internship, IMCOWORKSPACE** July 2024 – August 2024 | Meknes, Morocco

Design and Development of a Corporate Website for Attarwiji Agency:

- Designed and developed a corporate website for Attarwiji Agency to strengthen its digital presence by building a web application featuring a REST API-integrated chatbot, a secure contact form with email functionality, responsive user interfaces, and a content management system.
- Technologies:** Laravel, PHP, MySQL, Blade, HTML, CSS, Bootstrap, REST API, Laravel Mail (SMTP), Git/GitHub.

**Mobile Development Internship, ITec Zone SARL** July 2023 – August 2023 | Meknes, Morocco

Design and Development of an E-Commerce Mobile Application:

- Designed and developed an e-commerce mobile application featuring an intuitive user interface, seamless screen navigation, and an optimized user experience.
- Technologies :** React Native, JavaScript, React Navigation.

## EDUCATION

**State Engineer's Degree in Computer Science | Fez** 2023 – 2026

National School of Applied Sciences of Fez (ENSA Fez)

**MPSI–MP Preparatory Classes for Engineering Schools CPGE Carnot | Meknes** 2021 – 2023

## SKILLS

- Programming Languages:** Java, PHP, SQL, C++, C#, TypeScript, JavaScript, Python
- Frameworks & Technologies:** Spring Boot, Spring Security, Laravel, React, Next.js
- Databases:** SQL Server, Oracle, MySQL, PostgreSQL
- Version Control:** Git, GitHub, GitLab
- Project Management:** Jira, ClickUp, Agile Scrum
- Cloud & DevOps:** AWS (EC2, S3, RDS, IAM, Lambda), Docker, Nginx, CI/C
